amount of special assessments allocable to any Lot to exceed this limitation shall be effective only if such assessment shall have the assent of two-thirds (2/3) of the votes of each class of members who are voting in person or by proxy at a meeting duly called for this purpose. Written notice of any meeting called for the purpose of taking any membership action authorized under section 6.5 above shall be sent to all members not less than 30 days nor more than 60 days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast a majority of all the votes of each class of membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting.

Section 6.5. Uniform Rate of Assessment. Both annual and special assessments must be fixed at a uniform rate for all lots (whether improved or unimproved) and may be collected on a monthly, quarterly or annual basis.

Section 6.6. Date of Commencement of Annual Assessments: Due Dates. The annual assessments provided for herein shall commence as to each Lot on the date that such Lot is conveyed by the Developer or Sub-Developer to an Owner. The first annual assessment shall be adjusted according to the number of days remaining in the calendar year. The Board of Directors shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Written notice of the annual assessment shall be sent to every Owner subject thereto. The due dates shall be established by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid. A properly executed certificate of the Association as to the status of assessments on a Lot is binding upon the Association as of the date of its issuance.

Section 6.7. Effect of Non-Payment of Assessments: Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at a rate equal to the lesser of (a) eighteen (18%) percent per annum or (b) the maximum rate provided by applicable law. The Association may bring an action at law against the Owner personally obligated to pay the same, or foreclose the lien against the Lot (as in the foreclosure of a mortgage), or both. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or abandonment of such Owner's Lot.

Section 6.8. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first Mortgage. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any deed or other proceeding in lien thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve such Lot from liability for any assessments thereafter becoming due or from the lien thereof.

Section 6.9. Exempt Property. The following property, individuals, partnerships or

(30) business days after complete written plans and specifications have been submitted to it, the same shall be deemed approved, and this article shall be deemed to have been fully complied with, provided, however, that no such failure to act shall be deemed an approval of any matters specifically prohibited by any other provisions of this Declaration. Refusal or approval of plans, specifications and plot plans or any of them may be based on any grounds, including purely aesthetic grounds, which in the sole and uncontrolled discretion of the Developer or the Architectural Review Board may deem sufficient. Neither Developer nor any member of the Architectural Review Board shall be responsible or liable in any way for any defects in any plans or specifications approved by the Architectural Review Board, nor for any structural defects in any work done according to such plans and specifications approved by the Architectural Review Board. Further, neither Developer nor any member of the Architectural Review Board shall be liable for damages to anyone submitting plans or specifications for approval under this section, or to any owner of property affected by this Declaration by reason of mistake in judgment, negligence, or non-feasance arising out of or in connection with the approval or disapproval or failure to approve or disapprove any such plans or specifications. Every person who submits plans or specifications to the Architectural Review Board for approval agrees, by submission of such plans and specifications, and every Owner of any Lot agrees, that he will not bring any action or suit against Developer, or any member of the Architectural Review Board, to recover for any such damage. No approval of plans, location or specifications shall be construed as representing or implying that such plans, specifications or standard will, if followed, result in a properly designed residence. Such approvals and standards shall in no event be construed as representing or guaranteeing that any residence or improvement thereto will be built in a good workmanlike manner. Neither the Developer, the Association nor the Architectural Review Board shall be responsible or liable for any defects in any plan or specification submitted, revised or approved under these covenants nor for any defects in construction pursuant to such plans and specifications. The property owner shall have sole responsibility for compliance with approved plans and does hereby hold the Architectural Review Board and the Developer harmless for any failure thereof caused by the property owners architect or builder. The Developer/Architectural Review Board reserves the right to approve any type of fencing in any of the Common Areas.

Section 7.5. Residential Use of Lots. All Lots shall be used for single-family residential purposes exclusively. No structures, except as hereinafter provided, shall be erected, altered, placed or permitted to remain on any Lot other than one (1) detached single-family dwelling (except as to Lots devoted to Multi-Family use), provided, however, that nothing contained herein shall be constructed to prevent the Developer or any Sub-Developer from maintaining one or more model homes and/or sales offices in the Subdivision for the purpose of selling, leasing or managing Lots or other property in or near the Subdivision. No accessory structures or outbuildings, whether or not attached to the principal residence (including but not necessarily limited to carports, storage sheds, dog houses, awnings, breezeways, covered swimming pools and the like) shall be constructed or allowed to remain on any Lot unless approved by Developer or the Architectural Review Board. Provided, however, that the Developer may construct attached storage compartments, screened-in rear porches and rear sun rooms as an integral part of the principal residence. Provided, further, however, that an Owner, after application to and written approval by the Architectural Review Board, may construct attached storage compartments, screened-in rear porches and rear sun rooms as an integral part of the principal residence, if and only if such construction and improvement is consistent with the design of the principal residence and with the standards of construction prevailing in the Subdivision.

However, in each case individual setbacks and sidelines must be approved by the Developer or Architectural Review Board for its aesthetic value and the Developer or Architectural Review Board may require a more stringent setback so long as the required setback does not violate the setback requirements of the Town of Mount Pleasant, South Carolina. The Developer or Architectural Review Board shall have the power and authority to promulgate and publish setback requirements for each lot. In certain cases, the Developer or Architectural Review Board may require an owner to seek a variance from the Town of Mount Pleasant, South Carolina if necessary to protect important trees/vistas or to preserve aesthetic value. Set backs and building lines shall vary in each community throughout the Subdivision and shall be set forth as specific restrictions in Exhibits B through H.

Section 7.12. Timely Construction Progress. Once construction of improvements on a residence is started on any Lot, the improvements must be completed within twelve (12) months from commencement of construction and all landscaping must be complete. All construction sites must be maintained. In an orderly fashion and all construction debris must be placed in a trash container or removed within forty-eight (48) hours.

Section 7.13. Material Restriction. All structures constructed or placed on any Lot shall be built of substantially new material and no used structures shall be relocated or placed on any such Lot. Natural materials are strongly encouraged. Vinyl siding (sheathing) is strictly prohibited. All materials must be approved by the Architectural Review Board.

Section 7.14. Re-Building Requirement. Any dwelling or out-building on any Lot which may be destroyed in whole or in part by fire, windstorm or for any other cause or act of God must be rebuilt or all debris removed and the Lot restored to a natural condition with reasonable promptness. Provided, however, that in no event shall such debris remain longer than three (3) months.

Section 7.15. Elevation and Drainage Changes. No changes in the elevation, topography or drainage characteristics of the Subdivision shall be made on the premises without the prior written approval of the Developer nor shall any fill be used to extend any property beyond any boundary line of any waterfront property.

Section 7.16. Tree Removal. No trees or bushes of any kind having a diameter of four (4") inches or more (measured from a point two (2') feet above the ground level) shall be removed from any Lot without the express written authorization of the Developer or Architectural Review Board. The Developer or Architectural Review Board shall further have the authority to require any Owner removing a tree in violation of this clause to replace same at such Owner's cost. The Developer or Architectural Review Board reserves the right to have specimen trees preserved and to have site planning provide for their preservation.

Section 7.17. Clothesline. No clothesline or drying yards shall be located upon the premises so as to be visible from any Common Area or other dwellings.

Section 7.23. Exclusion of Above Ground Utilities. All electrical service, wires, pipes, lines, telephone, cable television (CATV) lines and utility services of any type shall be placed in appropriate conduit underground and no outside electrical lines shall be placed overhead. No exposed or exterior radio or television transmission or receiving antenna shall be created, placed or maintained on any part of the Subdivision except those master facilities approved by the Developer. Provided, however, that the normal service pedestals, etc., used in conjunction with such underground utilities shall be permitted within the Subdivision. Overhead utilities shall be permitted during the construction period and until utility companies can place them underground.

Section 7.24. Antennas. No exterior antennas of any kind shall be placed, allowed or maintained upon any portion of the Subdivision, including any Lot, without the prior written consent of the Developer. No free standing antennas whatsoever shall be placed on any Lot. However, the Developer reserves the right to (but shall not be obligated to) erect a master antenna, satellite dish or other similar master system for the benefit of the Subdivision as a whole. Satellite dishes (not to exceed 18" in diameter) are permissible. The Architectural Review Board must be notified and the location must be approved by the Developer or Architectural Review Board. These dishes must not be visible from any street.

Section 7.25. Certain Vehicles Prohibited From Lots. No travel trailers or mobile homes, campers or other habitable motor vehicles of any kind, whether self-propelled or not, school buses, motorcycles, trucks, or commercial vehicles, or boat trailers or boats shall be kept, stored or parked overnight, either on any Common Area, specifically including streets and guest parking areas, or any Lot.

All animals must be kept on a leash when they are outside the Owner's dwellings on a Lot and must not become a nuisance to other residents by barking or other acts. Non-owners (e.g. rents or lessees) may not keep any pets on any part of the Property, without prior written approval of the Owner, said approval to be filed with the Association.

Section 7.29. Perimeter Access. There shall be no access to any Lot on the perimeter of the Subdivision except from designated roads within the Subdivision, provided, however, that Developer reserves the right to construct and operate temporary construction roads during the construction and development period.

Section 7.30. Rental Period. Homes may be rented for residential purposes only and for rental periods not less than six (6) months. A Home may not be entered into rental or lease agreement more than two (2) times in a one year period. The Homes shall be restricted to residential rental not to exceed one family occupying the unit.

(c.) No dock, pier, or wharf shall be constructed on any lagoon and no dock, pier, or wharf shall be constructed on the marsh without the approval of the Developer or Architectural Review Board and the Association. In order to obtain such approval, it will be necessary to submit plans specifying the location, color, height, finish and, other details of such proposed facility. The Developer also reserves the right to require uniformity of design and to submit approved designs for docks, piers, or wharfs. The Developer and the Architectural Review Board have the right to disapprove such plans on any grounds including aesthetic consideration. Any approved dock, pier, or wharf must be well maintained by the Owner and, if not maintained as required, enforcement of this requirement may be enforced as provided herein in cases of violations of these covenants

(d.) **DHEC O.C.R.M. Critical Line Buffer** A stormwater quality buffer shall be provided at an average of twenty-five (25') feet with a minimum of ten (10') feet landward of the established critical line indicated here to provide natural vegetal filtration across which non-point source runoff from residential yards shall flow prior to entering adjacent tidal marshes (to remove/reduce fertilizers, pesticides, and or pet waste). No clear cutting, filling, excavation, or construction activity (other than necessary for permitted drainage or dock access structures) or other permanent structures shall be allowed within this buffer. Limited clearing of trees and ground cover shall be allowed to provide and maintain adequate sight vistas. Only indigenous vegetation shall be planted within buffer areas: species of grasses, shrubs, and trees which require fertilization shall not be allowed. All limited clearing, thinning, and new plantings shall be subject to inspection and approval by the SC DHEC O.C.R.M. This buffer requirement is subject to change by O.C.R.M. or Town of Mt. If any portion of improvements to a Lot or Lots encroaches upon the Common Area or any portion thereof, whether by settlement or otherwise, a valid easement for the encroachment and for the maintenance of same, so long as it stands, shall and does exist.

Houses of less than the stated minimum Living Space may be approved by the Developer or the Architectural Review Board if in the opinion of the Developer or Architectural Review Board the design and construction of such house would be in keeping with the adjoining properties and the lowering of the minimum Living Space requirement for such Lot would not depreciate the value of adjoining properties subject to this Declaration. Upon submission of the Additional Properties or any portions thereof to this Declaration, the Developer shall at such time or times designate the minimum square footage requirements for such Lots.

Section 7.44. Lakes and Lagoons. The lakes and lagoons within the Subdivision are not designed for boating, swimming or bathing purposes and the same is prohibited. Upon notification by the Lot owner, lessor, and/or such owner's and lessor's heirs, successors and assigns, a field survey will be conducted by the South Carolina Electric and Gas Company personnel to insure that there are not conflicts with such utility companies' safety requirements. An excavation in violation of such utility companies' safety requirements is expressly prohibited.

Section 7.46. Gardens, Basketball Goals, Flags, Etc. ARCHITECTURAL DESIGN PROCESS

H. INTRODUCTION

A. RESIDENTIAL COMMUNITY

Hamlin Plantation is a planned unit development (PUD) which is owned by Hamlin Plantation, L.L.C. A comprehensive landplan has been created for the overall development of this residential community.

B. CREATION OF ARCHITECTURAL REVIEW BOARD

A Declaration of Covenants and Restrictions for Hamlin Plantation has been recorded in the office of the Clerk of Court for Charleston County, South Carolina in Plat Book _____, Page _____. The Covenants and Restrictions set forth requirement that all plans and specifications related to any type of construction must be approved in writing by any Plantation has therefore elected to create the Hamlin Plantation Architecture Review Board (designated herein as the ARB) for purposes of establishment and enforcement of rules, procedures, guidelines and reasonable fees as are necessary to achieve its purposes and objectives.

C. PURPOSES OF ARCHITECTURE REVIEW BOARD

The purposes of Hamlin Plantation (ARB) are as follows:

1. To preserve the natural beauty of Hamlin Plantation and its setting.
2. To continue Hamlin Plantation as a pleasant and desirable environment.
3. To establish and maintain a harmonious design for the community
4. To promote and protect the values of properties within Hamlin Plantation.

D. ARCHITECTURAL REVIEW BOARD JURISDICTION

In order to accomplish its purposes, the Architectural Review Board or the developer(s) are vested with the appropriate powers to review, control and approve any building, wall, fence or structure erected, placed or altered and shall require that building plans (showing proposed location and elevation), landscape plan and construction schedule be furnished in a proper and timely manner.

Prior written approval shall be required for any addition to an existing building or structure or any renovation, alteration or change thereto, as well as any alterations to exterior appearance. In like manner, all landscaping changes or additions, including removal of trees, must receive prior approval by the Architectural Review Board.

Refusal or approval of plans, location or specifications may be based upon any ground, including purely aesthetic considerations the Architecture Review Board in its sole and absolute discretion shall deem sufficient.

The ARB strongly encourages traditional architecture to include Southern Traditional, Low Country and Coastal architectural themes. The homeplan design should blend harmoniously with the natural beauty and environment that has been preserved at Hamlin Plantation with the use of natural exterior materials indigenous to the Charleston area and exterior colors that are subdued and unobtrusive. The use of brick and natural siding materials are encouraged which shall be subject to ARB approval. Certain architectural themes are discouraged and may be disapproved such as oriental, some contemporary styles, Bauhaus or international and other styles with low or flat-pitched roof design. The ARB reserves the right and shall have the authority to approve or disapprove any plan submitted it deems incompatible with the overall plan or theme of Hamlin Plantation or any of its respective neighborhoods.

G. DISCLAIMER

No approval of plans, location or specifications by the Architectural Review Board and no publication of architectural standards or guidelines shall be construed as representing or implying that such plans, specification or standards will, if followed, result in a properly designed or constructed residence.

II. THE REVIEW PROCESS

The guidelines outlined here are not intended to be onerous; we believe each of them is essential to sustain and maintain the beauty and the essence of Hamlin Plantation. You will be able to see how each step in the approval process and the guidelines themselves protect your investment and help to guarantee the continuing liveability of your plantation home.

A. STEPS IN THE APPROVAL PROCESS

1. REVIEW DESIGN COVENANTS

Properly positioning your home on its lot requires that you understand all of its unique features including views and breezes. Some of the recommendations by the Architectural Review Board for you to consider in evaluating your lot are listed as follows:

1. Note the best natural or manmade view from your lot.
2. Attempt to preserve the existing major trees and other natural habitats, such as low shrubs, especially along wetlands.
3. Avoid blocking views that adjacent owners have of marshes or lakes or creeks.
4. Note any drainage swales or ditches that need to unimpeded flow
5. Orient your home to allow prevailing summer breezes to flow through your home.
6. Consider the sun orientation in order to provide adequate shade during the summer and sun in the winter, as well as desirable light in living areas.
7. Locate your driveway to meander around trees and other natural features.
8. Avoid building on lower areas of your lot where humidity will be higher and breezes lower.
9. Note the location of the utility corridor in front of your lot.
10. Note any special restrictions on your lot such as easements.

B. BUILDING SETBACKS

Building setback minimums for The Sound (Tract E) shall be as follows:

Front Setback	30 Feet
Rear Setback	30 Feet
Side Setback	10 Feet (Combined Sides 25 Feet)

The setbacks are those established by The Town of Mt. Pleasant and may be subject to change by ordinance or PUD Amendment. Lots adjacent to wetlands or marsh may be subject to setback adjustments related to buffer requirements set forth by the Town of Mt. Pleasant or O.C.R.M. At present, O.C.R.M. requires an average natural buffer of 25 feet (and a minimum of 10 feet) from the established critical line of marshfront properties. This buffer may be subject to modification by Town of Mt. Pleasant or governmental agencies. The Developer shall not be responsible and shall be held harmless for any amendments to setbacks or buffers requirement implemented by local or state government and/or their related agencies.

C. SITE CLEARING

Once the location of your house on the lot is established, limits of construction should be determined. The house footprint should not exceed 30% of the total lot acreage. Total alterations of existing vegetation for building and site improvements not to exceed 35% of the lot acreage.

Should brick be selected as the primary siding material, it must be used on all four sides of the home. If blended with other materials, the blending must also be consistent on all four (4) sides.

5. House Styles
The ARB will not approve a house plan that has already been built or approved by the ARB to be built, within sight of the proposed lot.
6. Decks/Porches/Patios
Decks, porches and patios are strongly recommended to achieve optimum enjoyment from your home. When designing location of the deck, porch or patio, please keep in mind your own privacy as well as that of your neighbor. Use caution not to encroach into violation of setback requirements or block any views. Also, all decks and porches shall be required to have lattice underpinning on all exposed sides.
7. Driveways
Driveways must be surfaced with concrete, brick or asphalt. No other surfaces are acceptable. Drives must provide proper and adequate drainage. Parking should be screened from front view when possible.
8. Garages
All garages should be designed for side, courtyard or rear entry. Front entry garages are not acceptable and will not be approved. Carports are totally unacceptable.
9. Lighting
(Refer to Section 7.47; pg 32 of the Covenants and Restrictions)

12. Foundations
Slab construction to include slab on grade or raised slab foundations are not permissible. All homes must be constructed on brick and pier foundation with crawl space or raised elevation with drive under garage. The particular flood elevation of a lot may dictate the type of foundation and the required minimum elevation of the first story finished floor. It is the responsibility of the lot owner to be familiar with construction requirements, code and specifications related to residential construction in a flood zone.

20. Solar Energy
Solar devices must be compatible with the site and integrated into architecture.
21. Tennis Courts
Private tennis courts are not allowed on private property at Hamlin Plantation.

Outbuildings must have approval of the ARB. Aesthetic structures such as a gazebo is encouraged, but must also be approved.
24. Wells
Shallow wells may be used for irrigation purposes only.
25. Trash Receptacles
Trash receptacles must be near the house. The receptacles should be screened by planting, berming or a desirable fence element. Fences likewise, must be an integral part of the architecture or a freestanding compatible element.
26. Other
Boats, golfcarts, motorcycles, bicycles and other recreational equipment should be stored in the garage or an outbuilding. Vehicles or equipment that cannot be stored in this manner must be stored off site.

V. LANDSCAPE

A. VIEW OF DEVELOPER

Proper landscape is one of the most important factors in the beautification of a home and its setting. As a minimum landscape requirement, the front and side yards must be sodded in the lawn area of the approved landscaping plan. Landscaping should be installed no longer than 90 days after completion. Hamlin Plantation does not set a minimum standard other than mentioned above.

It is strongly recommended that each homeowner do his/her part in providing a beautiful and natural setting through proper landscape. Proper landscaping promotes economic property value as well as aesthetic value to the owner and his neighbor. Hamlin Plantation will take a very firm approach in seeing that proper and adequate landscape is facilitated.

A. CONSTRUCTION GUIDELINES

In the interests of maintaining safety as well as an appealing image for the Hamlin Plantation residents and visitors, the construction progress must be regulated. After final approval and obtaining all necessary permits, the contractor must submit the construction application form and deposit of \$1,000 dollars. The deposit is to ensure compliance with the approved plans, for any necessary site maintenance and correction of any damage to streets, road shoulders and common areas.

B. CONSTRUCTION REGULATIONS

Inspection while construction is in progress will be conducted regularly by the ARB to ensure conformance with the approved drawings. Any changes made during construction, must receive approval by the board prior to the change. May changes may constitute resubmission for approval. Final inspection will be made after the contractor has completed construction, including all site work and landscaping, cleaned site of debris, removed contractor signage and any temporary utilities and notified the inspector in advance of finished date. The deposit will be returned in full if all requirements are fulfilled. If clean up and/or amendments to the construction site need to be made by the Developer/ARB, their cost will be deducted from the deposit. It should be noted that the Developer or its agents assume no responsibility for inspecting construction in progress for compliance with approved plans. The owner assumes full liability for failure of construction to comply with approved documents

C. CONTRACTOR REGULATIONS

Contractors are responsible for the actions of their employees while on the Plantation. Workers are allowed access to and from the job site only and are not allowed to use other facilities or ride around the property unnecessarily. Harassment of residents and visitors is strictly forbidden. All employees must wear shoes and shirts when away from the job site. Access will only be allowed between 7:00 a.m. and 7:00 p.m., with no construction work on Sundays and Holidays. The contractor must provide toilet facilities for the workers on the job site in a discreet location. Contractors must be licensed in the State of South Carolina. Contractor shall at all times maintain a clean and safe work area.

Any contractor found to be in obvious nonconformance of these regulations will be denied access and work will be suspended.

VII ENTRANCE FEATURE AND SIGNAGE GUIDELINES

A. PURPOSE OF GUIDELINES

In order to maintain the high degree of quality required of development within Hamlin Plantation and to project a consistent, unifying theme throughout the various residential communities, it is necessary to establish design criteria for community signage structures and entrance features. These guidelines will assist builders and developers during design and construction and protect the property values of all owners. These guidelines will also control procedures requiring review and approval of all signage construction within the plantation.

B. INTENT OF THE GUIDELINES/DESIGN OBJECTIVES

Hamlin Plantation is dedicated to creating a residential community based on traditional values. The design of signage within the Plantation will be compatible with that of the main entrance and village center. Color, texture and exterior materials shall be consistent with those associated with Early American Neo-classical architecture.

Special emphasis shall be place on integrating the signage designs with the environment through appropriate siting and the correct use of high quality plant materials.

C. ARCHITECTURAL REVIEW BOARD

The Architectural Review Board has been established to review and approve all buildings proposed for construction on Hamlin Plantation. The Board shall be challenged to up-hold the intent and purpose of these guidelines.

The Architectural Review Board shall review the required submittals of buildings, fences and other structures proposed for construction prior to issuance of a building permit. Refusal of approval of submitted or lack of submittal information may be based by the Board upon any ground, including purely aesthetic conditions, which in the sole and uncontrolled discretion of the Board shall seem sufficient.

D. DESIGN GUIDELINES

Materials and colors-Exterior material and colors must be appropriate for the architectural vernacular of Hamlin Plantation. Color and material samples must be submitted to the Board for approval. The use of brick, stucco and painted wood is encouraged while the use of imitation materials is discouraged.

Upon final dissolution of and liquidation, the Association may make distribution to its members as is permitted by Law; or any Court having jurisdiction thereof, and no such payment, benefit or distribution shall be deemed to be a dividend or distribution of income.

This Association shall issue no shares of stock of any kind or nature whatsoever. Membership in the Association and the transfer of that membership as well as the number of members/votes shall be in accordance with the terms and conditions of the Declaration and the By-Laws of the Association, and the voting rights of the Owners shall be as set forth in the Declaration and/or these By-Laws of the Association.

2. MEMBERSHIP, VOING, QUORUM, PROXIES

(a) All persons who are Owners as defined in the Declaration shall be members of this Association, provided, however, that no non-owner, tenant, sub-lessee, or assign shall be a member, nor have voting rights in this Association. The rights and privileges of membership, including the right to vote and to hold an office in the Association, may be exercised by a member or a member's spouse, but in no event shall more than one (1) vote be cast or more than one (1) office held for each Lot, except for those Class B voting rights granted to or reserved by the Developer in the Declaration. Such voting weight shall continue to be equal upon the addition of all or a portion of the Additional Property to the subdivision, and each Lot therein shall have one (1) vote. Each Owner, by acceptance of a deed or other conveyance for a Lot, consents and agrees to the dilution of his voting interest in the Association by virtue of the submission from time to time of the Additional Property or any portion thereof to the terms of this Declaration as provided herein. The foregoing is not intended to include mortgagees or any other persons who hold an interest merely as security for the performance of an obligation, and the giving of a security interest shall not terminate or otherwise affect an owner's membership in the Association. Notwithstanding any of the foregoing to the contrary, no owner, whether one or more persons, shall have more than one membership/vote per Lot. Any membership shall automatically terminate when an Owner, as defined herein, is no longer seized and vested with title to any real property within the Subdivision, and membership and/or voting rights in the Association shall be limited to such Owners.

(b) The quorum at members' meetings shall consist of persons entitled to cast one-fourth (1/4) of the votes of the entire membership. The joinder of a member in the action of a meeting by signing and concurring in the minutes thereof shall constitute the presence of such person for the purpose of determining a quorum.

If any members' meeting cannot be organized because a quorum has not been attained, or because the greater percentage of the membership required to constitute a quorum for particular purposes has not attended, whenever the latter percentage of attendance may be required as set forth in the Certificate of Incorporation, these By-Laws or the Declaration, the members who are present, either in person or by proxy, may adjourn the meeting from time to time until a quorum, or the required percentage of attendance if greater than a quorum, is present.

(d) At meetings of membership, the President shall preside or, in the absence of the President, the membership may select a chairman in the event that the Board does not designate an acting president or presiding officer for any such meeting.

Section 4. Nomination of Directors. Elected directors shall be nominated from the floor at a meeting of the Association and may also be nominated by a nominating committee appointed by the Board of Directors.

Replacement of any person or persons designated by the Developer to serve on any Board of Directors of the Association shall be made by written instrument delivered to any officer of the Association, which instrument shall specify the name or names of the person or persons designated as successor or successors to the person or persons so removed from said Board of Directors. The removal of any director and designation of his successor shall be effective immediately upon delivery of such written instrument by the Developer to any officer of the Association.

If any Director's meeting cannot be organized because a quorum has not attended, or because the greater percentage of the director required to constitute a quorum for particular purposes has not attended, wherever the latter percentage of attendance may be required as set forth in the Articles of Incorporation, these By-Laws or the Declaration, the directors who are present may adjourn the meeting from time to time until a quorum, or the required percentage of attendance is greater than a quorum, is present. The Association shall indemnify every director and every officer, their heirs, executors and administrators, against all loss, damages, costs or expenses of any type reasonably incurred by him in connection with any action, suit, or proceeding to which he is made a party by reason of his being or having been a director or officer of the Association, except as to such matters wherein he shall be finally adjudged liable of gross negligence or willful misconduct. The Board may obtain for the Association directors and officers liability insurance coverage in such amounts as the Board deems necessary and appropriate.

5. OFFICERS

(a) The executive officers of the Association shall be the President and Secretary, who shall be directors; a Vice President; and a Treasurer, all of whom shall be appointed by the Developer so long as Developer retains its Class B Membership, and thereafter elected annually by the Board of Directors and who may be peremptorily removed by vote of the directors at any meeting. The Board of Directors shall from time to time elect such other officers and designate their powers and duties as the Board shall find to be required to manage the affairs of the Association.

(b) The President shall be the chief executive officer of the Association. The President shall have all the powers and duties which are usually vested in the office of the President of an association, including, but not limited to, the power to appoint committees from among the members from time to time, as the President may in the President's discretion determine appropriate, to assist in the conduct of the affairs of the Association.

(c) Any Vice President, unless the majority may select a presiding officer, shall, in the absence or disability of the President, exercise the powers and perform the duties of President. He shall keep the assessment rolls and accounts of members; he shall keep the books of the Association in accordance with good accounting practices; and he shall perform all other duties incident to the office of Treasurer.

(f) The compensation of all officers and employees of the Association shall be fixed by the directors. This provision shall not preclude the Board of Directors from employing a director as an employee of the Association, nor preclude the contracting with a director for management of the Association.

6. FISCAL MANAGEMENT

The provisions for fiscal management of the Association set forth both in these By-Laws and in the Declaration shall be supplemented and complemented by the following provisions:

The amount of such bonds shall be determined by the directors, but shall be at least one-half (1/2) the amount of the total annual assessments against members for common expenses. The premiums on such bonds shall be paid by the Association.

7. PHYSICAL MANAGEMENT AND EXTERIOR MAINTENANCE

Except as may be herein otherwise specifically provided, the Association shall maintain and keep in good repair and have jurisdiction over the standards of exterior maintenance over all portions of the Common Areas, individual regimes, and all Lots, which responsibility shall include the maintenance, repair and/or replacement of (i) all buildings and improvements located within the Association's Common Areas, including Recreational Amenities; (ii) all roads, walks, trails, lagoons, ponds, parking lots, landscaped areas, natural areas and other improvements situated within the Common Areas or within easements encumbering Lots or Multi-Family Areas; (iii) such security systems and utility lines, pipes, plumbing, wires, conduits and related systems which are a part of the Common Areas and which are not maintained by a public authority, public service district, public or private utility or other person; and (iv) all lawns, trees, shrubs, hedges, grass and other landscaping situated within the subdivision (but not on Lots) as it may be constituted from time to time. Nor shall the Association be liable to any Owner for loss or damage, by theft or otherwise, of any property of such Owner which may be stored or left in or upon any portion of the Common Areas or any other portion of the Property. No diminution or abatement of Assessments or charges shall be claimed or allowed by reason of any alleged failure of the Association to take some action or to perform some function required to be taken or performed by the Association under the Declaration, or inconvenience or discomfort arising from the making of improvements or repairs which are the responsibility of the Association, or from any action taken by the Association to comply with any law, ordinance, or with any order or directive of any municipal or other governmental authority, the obligation to pay such assessments and charges being a separate and independent covenant on the part of each Owner.

In the event that the Developer or the Board of Directors determines that: (i) any Owner or Multi-Family Association has failed or refused to discharge properly his or its obligations with regard to the maintenance, cleaning, repair or replacement of items for which he or it is responsible hereunder; or (ii) that the need for maintenance, cleaning, repair or replacement which is the responsibility of the Association hereunder is caused through the willful or negligent act of an Owner, his family, tenants, guests or invitees, and is not covered or paid for by insurance in whole or in part, then in either event, the Developer or the Association, except in the event of an emergency situation, may give such Owner or Multi-Family Association written notice of Developer's or the Association's intent to provide such necessary maintenance, cleaning, repairs or replacement, at the sole cost and expense of such Owner or Multi-Family Association, as the case may be, and cleaning repairs or replacement deemed necessary. Except in the event of emergency situations, such Owner or Multi-Family Association, as the case may be, shall have fifteen (15) days within which to complete the same in good and workmanlike manner, or if replacement is not capable of completion within said fifteen (15) day period, to commence said maintenance, cleaning, repair or replacement and diligently proceed to complete the same in good and workmanlike manner.

(e) Notwithstanding the foregoing provisions of this Article, no amendment to these By-Laws which shall abridge, amend or alter the right of the Developer to designate and select members of each Board of Directors of the Association, as provided in Article 4 hereof, nor may any amendment be adopted or become effective without the prior written consent of the Developer so long as Developer retains its Class B voting privileges.

(f) In the alternative, the Developer may amend these By-Laws in the manner provided in the Declaration for amendments to the Declaration by the Developer.

10. INSURANCE AND CASUALTY LOSSES

10.1. Insurance

10.1.1. The Board of Directors or its duly authorized agents shall have the authority to and shall obtain and continue in effect adequate property insurance, in such form as the Board deems appropriate, for the benefit of the Association and insuring all insurable improvements in and to the Common Areas against loss or damage by fire or other hazards, including, without limitation, extended coverage, flood, vandalism and malicious mischief, such coverage to be in an amount sufficient to cover the full replacement cost (without depreciation, to include anticipated costs of demolition and clearing prior to building, but subject to such deductible levels as are deemed reasonable by the Board or under the terms of any subordinated regime documents as they affect or control Multi-Family ownership) of any repair or reconstruction in the event of damage or destruction from any such hazard.

10.1.2. The Board or its duly authorized agents shall have the authority and may obtain and continue in effect a public liability policy covering all the Common Areas and all damage or injury caused by the negligence of the Association, its members, its directors and officers, or any of its agents. Such public liability policy shall provide such coverages as are determined to be necessary by the Board of Directors.

10.1.3. The Board or its duly authorized agents shall have the authority and may obtain: (i) worker's compensation insurance to the extent necessary to comply with any applicable law; and (ii) such other types and amounts of insurance as may be determined by the Board to be necessary or desirable.

10.1.4. All such insurance coverage obtained by the Board of Directors shall be written in the name of the Association as trustee for each of the Owners and costs of all such coverage shall be a Common Expense. Exclusive authority to adjust losses under policies obtained by the Association and hereafter in force with respect to the Subdivision shall be vested in the Board of Directors; provided, however, that no Mortgagee or other security holder of the Common Areas having any interest in such losses may be prohibited from participating in the settlement negotiations, if any, related thereto. Insofar as permitted by law and reasonably obtainable, the Association shall be required to make every effort to secure insurance policies with the provisions hereinafter set forth:

10.1.4.1. All policies shall be written with a company holding rating of A+10 or better in such financial categories as established by Best's Insurance Reports, if such a company is available or, if not available, its equivalent rating or the best rating possible.

10.1.4.2. All property insurance policies shall be for the benefit of the Association, and/or its subordinate property regimes, Owners and Owner's Mortgages, if applicable, as their interests may appear.

10.3. Damage to or Destruction of Lots or Multi-Family Areas. In the event of damage or destruction by fire or other casualty to any Lots or Multi-Family Areas, such Owner or Multi-Family Association shall, at its/their own expense, promptly clear away the ruins and debris of any damaged improvements or vegetation and leave such Lot or Multi-Family Area in a clean, orderly, safe and sightly condition. Such other Owner or Multi-Family Association shall repair or rebuild such Lot or other improvements to substantially the same condition as existed prior to such fire or other casualty and in accordance with all applicable standards, restrictions and provisions of this Declaration (including without limitation Article 10 hereof) and all applicable zoning, subdivision, building and other governmental regulations. All such work of repair or construction shall be commenced promptly following such damage or destruction and shall be carried through, without interruption, diligently to conclusion.

11. CONDEMNATION OF COMMON AREAS

11.1. Whenever all or any part of the Common Areas of the Subdivision shall be taken by any authority having the power of condemnation or eminent domain, or is conveyed in lieu thereof by the Board acting with the approval by a vote of two-thirds (2/3) of the total votes of the Association who are voting in person or by proxy, at a meeting duly called for such purpose, for so long as Developer owns any Lot primarily for the purpose of sale or has the unexpired option to add the Additional Property or any portion thereof to the subdivision, the award of proceeds made or collected for such taking or sale in lieu thereof shall be payable to the Association and shall be disbursed or held as follows:

11.1.1. If the taking or sale in lieu thereof involves a portion of the Common Areas on which improvements have been constructed, then, unless within sixty (60) days after such taking Developer, for so long as Developer owns any Lot primarily for the purpose of sale or has the unexpired option to add the Additional Property or any portion thereof to the Subdivision, together with at least seventy-five (75%) percent of the total votes of the Association, shall otherwise agree, the Association shall restore or replace such improvements so taken, to the extent practicable, on the remaining lands included in the Common Areas which are available therefor, in accordance with the plans approved by the Board of Directors, the Architectural Review Board, and by the Developer, for so long as the Developer owns any Lot primarily for the purpose of sale or has the unexpired option to add the Additional Property or any portion thereof to the subdivision. If the awards or proceeds are not sufficient to defray the cost of such repair and replacement and such deficiency cannot be appropriated from a reserve fund as may have been established for such purpose, the Board of Directors may levy a special assessment against all Owners, without the necessity of a vote pursuant to Paragraph 9.4 hereof, such special assessment to be in an amount sufficient to provide funds to pay such excess cost of repair or reconstruction. Such special assessment shall be levied against the Owners equally in the same manner as annual assessments are levied, and additional special assessments may be made at any time during or following the completion of any repair or reconstruction. If such improvements are not to be repaired or restored, the award or proceeds shall be retained by and for the benefit of the Association.

11.1.2. If the taking or sale in lieu thereof does not involve any improvements to the Common Areas, or if there are not funds remaining after any such restoration or replacement of such improvements is completed, then such award, proceeds or net funds shall be retained by and for the benefit of the Association.

12.3. Computation of Annual Assessments. It shall be the duty of the Board at least thirty (30) days prior to the commencement of the Association's fiscal year to prepare and adopt a budget covering the estimated Common Expenses during the coming year, such budget to include a capital contribution of reserve account if necessary for the capital needs of the Association. The total annual assessments shall be divided among the Lots equally, except as provided in the Declaration, so that each Lot except Developer and any Sub-Developer owned Lots, shall be subject to equal annual assessments. Upon the addition of the Additional Property or any portion thereof to the Subdivision, Assessments shall continue to be equal and the Lots being added to the subdivision shall continue to be equal and the Lots being added to the subdivision shall thenceforth pay assessments which are equal to those imposed upon Property and Lots previously in the Subdivision, except as provided in the Declaration. The Association's budget shall be revisable by the Hoard, without the necessity of approval by the Owners, to include Common Expenses and Assessments related to such additional Lots. In the event the Board fails for any reason to determine the Budget for the succeeding year, then and until such time as a budget shall have been determined as provided herein, the budget and annual assessment in effect for the then current year shall be increased in proportion to the percentage increase, if any, for the then current year, over the previous year, in the Consumer Price Index (All Urban Consumers, United States City Average, All Items) or five (5%) percent, whichever is greater, and such increased budget shall be implemented for the succeeding year, until a new budget shall have been approved as provided above. If any budget at any time proves inadequate for any reason, then the Board may call a meeting of the Association for the approval of a special assessment as provided in Paragraph 12.4 hereof. The Common Expenses to be funded by the annual assessments may include, but shall not necessarily be limited to, the following:

12.3.1. Management fees and expenses of administration including legal and account fees;

12.3.2. Utility charges for utilities serving the Common Areas and charges for other common services for the Subdivision, including trash collection and security services, if any such services or charges are provided or paid by the Association;

12.3.3. The cost of any policies of insurance purchased for the benefit of all Owners and the Association as required or permitted by the Declaration, including fire, flood and other hazard coverage, public liability coverage and such other insurance coverage as the Board of Directors determines to be in the interests of the Association and the Owners;

12.3.4. The expenses of maintenance, operation, repair and replacement of these portions of the Common Areas and Recreational Amenities which are the responsibility of the Association under the provisions of the Declaration;

12.3.5. The expenses of maintenance, operation, repair and replacement of other amenities and facilities serving the Subdivision, the maintenance, operation, repair and replacement of which the Board from time to time determines to be in the best interest of the Association;

12.3.6. The expenses of the Architectural Review Board which are not defrayed by plan review charges;

12.3.7. The expense for conducting recreational, cultural or other related programs for the benefit of the Owners and their families, tenants, guests and invitees;

12.3.8. Ad valorem real and personal property taxes assessed and levied against the Common Areas;

12.9. Certificate. The Treasurer, any Assistant Treasurer or the manager of the Association shall, within ten (10) days of a written request and upon payment of such fee as is from time to time determined by the Board of Directors, furnish to any Owner or such Owner's Mortgagee which requests the same, a certificate in writing signed by the said Treasurer, Assistant Treasurer or manager of the Association setting forth whether the Assessments for which such Owner is responsible have been paid, and, if not paid, the outstanding amount due and owing, together with all fines, late charges and other penalty charges. Such certificate shall be conclusive evidence against all but such Owner of payment of any Assessments stated therein to have been paid.

12.10. Date of Commencement of Annual Assessments. The annual assessments provided for herein shall commence as to each Lot as set forth the Declaration.

13. RULE MAKING

13.1. Rules and Regulations. Subject to the provisions hereof, the Board of Directors may establish reasonable rules and regulations concerning the use of Lots, Multi-Family Areas and the Common Areas and facilities located thereon, including without limitation the Recreational Amenities. In particular but without limitation, the Board of Directors may promulgate from time to time rules and regulations which shall govern activities which may, in the judgment of the Board of Directors, be environmentally hazardous, such as application of fertilizers, pesticides and other chemicals. Copies of such rules and regulations and amendments thereto shall be furnished by the Association to all Owners prior to the effective date of such rules and regulations and amendments thereto. Such rules and regulations shall be binding upon the Owners, their families, tenants, guests, invitees, servants and agents. Until and unless any such rule or regulation be specifically overruled, cancelled or modified by the Board of Directors or in a regular or special meeting of the Association by the vote of the Owners, in person or by proxy, holding a majority of the total votes in the Association, provided that in the event of such vote, such action must also be approved by the Developer, for so long as the Developer owns any Lot or not primarily for the purpose of sale or has the unexpired option to add the Additional Property or any portion thereof to the Subdivision.

13.2. Authority and Enforcement. Subject to the provisions hereof, upon the violation of the Declaration, the By-Laws or any rules and regulations duly adopted hereunder, including without limitation the failure to timely pay any assessments, the Board shall have the power: (i) to impose reasonable monetary fines which shall constitute an equitable charge and a continuing lien upon the Lot, the Owners, occupants or guests of which are guilty of such violation; (ii) to suspend an Owner's right to vote in the Association; or (iii) to suspend an Owner's right (and the right of such Owner's family, guests and tenants and of the co-Owners of such Owner and their respective families, guests and tenants) to use any of the Recreational Amenities, and the Board shall have the power to impose all or any combination of these sanctions. An Owner shall be subject to the foregoing sanctions in the event of such a violation by such Owner, his family, guests or tenants or by his Owners or the family, guests or tenants of his Owners or the family, guests or tenants of his Owners. Any such suspension of rights may be for the duration of the infraction and for any additional period thereafter, as determined by the Board.

13.3. Procedure. Except with respect to the failure to pay assessments, the Board shall not impose a fine, suspend voting rights or infringe upon or suspend any other rights of an owner or other occupant of the Subdivision for violations of the Declaration, By-Laws or any rules and regulations of the Association, unless and until the following procedure is followed:

13.3.1. Written demand to cease and desist from an alleged violation shall be served upon the Owner responsible for such violation specifying:

13.3.1.1. The alleged violation;

13.3.1.2. The action required to abate the violation; and

13.3.1.3. A time period of not less than ten (10) days during which the violation may be abated without further sanction, if such violation is a continuing one, or if the violation is not a continuing one, a statement that any further violation of the same provision of this Declaration, the By-Laws or of the rules and regulations of the Association may result in the imposition of sanctions after notice and hearing.

13.3.2.
